

Date: 05/13/15  
Notes from: Periodic CSSG periodic telecon

Participants: Fitz Trumble, David Erickson, Tom McLaughlin, Bob Wilson, Kevin Kimball, Mike Dunn

#### Status of Taskings:

##### Tasking 2014-02: Validation

Almost complete. Will not have any example, especially a site specific solution, as felt was inappropriate for several reasons. Option offered up, by NCSP Manager, to have NCSP help to resolve the site specific issue.

##### Tasking 2015-01 UPF CTA Interpretation: Final transmitted.

NNSA CTA letter: Letter has been drafted and should have been finalized and approved.

##### Tasking 2015-02 3007 Revision.

Gathering info from CSCT and EFCOG/SAWG to support draft.

##### Tasking 2015-03 AA HNDBK.

Have revised tasking drafted. Needs review before sending to JM for review/approval. Copy of 'Woodcock' paper has been found and will be utilized as appropriate.

##### Future: LANL Review?

Potential CSSG look at effectiveness of corrective actions from root cause analysis.

#### New Member Progress

Nine nominations. Committee to hold another telecon to discuss further. Then provide a 'few' to CSSG for consideration (vote?) in early June. Goal to have vote completed by end of June.

#### Status of LANL

Jerry – Spent a week there (end of April). It was not a good message that he heard from the staff, or that he had to share with management. LANL has subsequently made several criticality safety management changes in the last week.

D. Hayes is no longer the chair of CSC, one year rotation is over. B. Crooks is new chair.

#### Other?

NCSP Budget Execution meeting. Will be in DC in late July. Chair/Deputy will be there.

2<sup>nd</sup> face-to-face CSSG Meeting

Jerry has opened it to where we might want to visit, and when.

- Could meet in DC in conjunction w/ NCSP budget execution, but would be using LLNL space, and not sure if available – Dunn may have access to other space but time may be tight since NCSP full three days that week (Tue-Thur).
- Potential option to hold it in Aiken, with some SRS tours.
- Germantown or Forrestal?

**Action: All, if you have ideas about where/when to meet, let Chair/Deputy know with goal to make a determination of time and location by end of May/early June.**
