Notes from: Periodic CSSG Leadership call with NCSP Manager
Participants: David Erickson, David Hayes

Status of Taskings:

Tasking 2015-02 3007 Revision.

Revision in progress. Will look for additional status during CSSG telecom next week, then discuss revision during upcoming face-to-face.

Tasking 2016-01 NCSP T&EP Review.

Review completed. Summary report being drafted and receiving factual accuracy review. Will discuss during CSSG telecom and during upcoming face-to-face.

Tasking 2016-02 FY-17 Proposal Review.

All FY17 proposals received, and review in progress. Will request essentially all TMs participate. Moving forward with identifying/discussing priorities and goals.

CSSG meeting to be held in conjunction with the TPR (03/16-03/18).

Tasking formalized and approved (see above status). Recommend meeting be full Thu and Fri (03/17&18) to allow necessary discussion time (and possibly additional proposal discussion time).

Action: DGE to expand agenda, include draft timing for DKH to review. Will have something for CSSG call next week.
