Agenda:

Tasking 2018-01 – CSO Training

Tasking complete and posted. Modules under development.

Contractors CAS and STD-1158

Need to ensure contractor assessment programs, related to criticality safety, are sufficiently mature/robust so they may be relied upon by DOE.

Discussion regarding DOE-STD-1158, how do we maintain the lessons-learned.

Suggested a Primer on how to develop an effective CS assessment program.

Include LOIs in light of updated 8.19 as an appendix.

**DKH: Tasking 2019-02 – Primer for CS Assessments including '1158' LOIs as an appendix**

Meeting w/ DOE folks at ANS Winter.

Need to identify when/where, then ensure appropriate invitations are sent out. CSSG usually meets Thursday afternoon and has all day Friday available. Lori is working with ANS to secure meeting space, including attendance by CSCT to support related discussion. CSSG needs to provide the “redline/strikeout” of the different Orders/Standards. Revisit CSSG comments submitted on last Revision to 420.1 for consistency.
