

## **CSSG TASKING 2006-03**

Date Issued 2/1/06

Task Title: CSSG Review and Recommendation on the LLNL Hands-On Criticality Safety Training Course Syllabus

Task Statement: The CSSG is requested to participate in the review and development of the LLNL Hands-On Criticality Safety Training Course syllabus to be used in the interim while CEF is transitioning to the DAF as an element of criticality safety engineer training and qualification per DOE-STD-1135-99. One element of this review should be participation of a sub-committee of the CSSG in the review discussions on the draft syllabus at LLNL tentatively scheduled for the week of March 6, 2006.

Task Deliverable: Participation in the LLNL meeting and a summary report to the NCSP Manager.

Task Due: March 30, 2006
