

May 16, 2013

To: J.N. McKamy, Director, NA-00-10, Manager US DOE NCSP

From: E. F. Trumble, Chair US DOE NCSP Criticality Safety Support Group

Subject: CSSG Tasking 2013-03-02 Response

The CSSG has completed its action on Tasking 2013-03-02, *CSSG Assessment of Scope of Operations and Criticality Safety Staff Capacity and Review of Los Alamos National Laboratory CAP and Metrics for the Nuclear Criticality Safety Program*. As specified in the tasking, the report is being provided for consideration by the NCSP Manager.

This report, while developed by a sub-team of the CSSG, has been reviewed by the entire CSSG and their comments incorporated. Views presented in this report are the consensus opinion of the CSSG.

Please feel free to contact Kevin Kimball, as the sub-team lead, or me if you have any questions associated with this report.
