

CSSG TASKING 2014-01
Date Issued: January 2, 2014

Task Title: *Criticality Safety Technical Assistance for Los Alamos*

Task Statement:

The CSSG is directed to support the NNSA Director of NA-00-10 (Manager US DOE NCSP) in his role of providing Criticality Safety related technical assistance to LANS in their efforts to rebuild the Criticality Safety Program. The CSSG will provide a Core Team of members to be a ‘sounding board’ for proposed initiatives, and assist in maintaining continuity of direction for the duration of the assignment. Efforts will be made to “isolate” the core team from the remainder of the CSSG on these efforts to allow for continued independence by the rest of the CSSG members for independent oversight or assessment, however the entire CSSG may be called upon at different times to provide on-site, or other requested, support for specific tasks to be identified

Period of Performance:

The duration of the support is currently scheduled for ~120 days beginning Jan. 6th, but may be modified based on need.

Resources:

The CSSG Team Leader will be the NA-00-10 Director.

Contractor CSSG members of the team will use their FY14 NCSP CSSG support funding as appropriate; DOE CSSG members of the team will utilize support from their site offices.

CSSG Tasking 2014-01 Core Team Members:

- Fitz Trumble (URS)
- Bob Wilson (DOE-EM)
- David Hayes (LANL)
- Kevin Kimball (Y-12)
- Jim Morman (ANL)
- David Erickson (SRNS)

The team will support the NA-00-10 Director as requested by keeping informed of developments via email and periodic telecoms. Travel by specific core team members, or other CSSG members may be requested to support specific tasks that are TBD. As needed additional CSSG members may be enlisted to support any portion of the technical assistance effort.

Task Deliverables:

1. CSSG Core Team identified Dec 5, 2013

2. CSSG Core Team in-brief telecom Dec 5, 2013
3. The Core Team will maintain records of their involvement via the keeping of minutes from the periodic telecoms and/or regular (monthly) status reports.
4. Timely support from other CSSG members as requested
5. All other deliverables as requested (may be implemented via a revision to this Tasking or generation of a separate Tasking)

Task Completion Date: Currently April 30, 2014 (may be revised as required)

Signed: 
Jerry N. McKamy, Manager US DOE NCSP
Director NA-00-10
