

CSSG TASKING 2017-03

Date Issued: June 13, 2017

Task Title:

Comment resolution for DOE-STD-3007-20XX, *Guidelines for Preparing Criticality Safety Evaluations at Department Of Energy Nonreactor Nuclear Facilities*

Task Statement:

Draft revision DOE-STD-3007-20XX was submitted to RevCom, and comments have been received. The CSSG, with assistance from other parties as appropriate, is directed to address all comments received as deemed appropriate.

The working group will consist of the same membership as developed the revision. The revised draft standard, including the 'comment spreadsheet' with resolutions, will be submitted to the entire CSSG for review and concurrence prior to re-submission to the RevCom system.
