**Discussion:**

Response to Tasking 2022-01

- Addressed CSCT comments (predominantly Eberle)
- Primarily editorial comments from reviews
- Kimball will provide some targeted bullets for consideration (Portsmouth/Paducah and Y-12)
- Call for last comments by COB 8APR2022
- Finished DRAFT to writing team (plus Erickson for grammar check) on 11APR2022
- DRAFT to Angela NLT 14APR2022
- Query regarding incorporating international lesson-learned
  - Tasking Response to be circulated with international colleagues to solicit their contributions
- Issue raised concerning recommendations: Recommendations may be recognized and understood by DOE, but DOE has been unsuccessful or does not understand how to implement them.
  - Suggest that DOE solicit CSSG advice in such cases resulting in a white paper from CSSG

Next CSSG Face to Face Meeting

Reminder that the next face to face meeting will be in conjunction with the ANS Summer Meeting in Anaheim: 17JUN2022.

Roundtable

- Fitz announced his intent to transition to emeritus status at the end of this fiscal year.
- No impending changes/comments in DOE Orders/Standards requiring CSSG attention
- Hayes to forward link to the recent DOE FY2021 Annual Criticality Safety Program Metrics Letter and Report

The meeting was adjourned.
