- Next "Face-to-Face" Meeting

**Discussion:**

Status of Tasking 2022-03 (Morman):

- Completed on-site visit in January.
- Have on the order of 30 recommendations.
- DNFSB Resident Inspectors and HQ Staff shadowed. Several issues identified and possible resolutions suggested.
- Lack of technical leadership within NCS identified as a major issue that requires near term resolution.
- Infraction response should focus on resuming operations safely and expeditiously (Utilize Y-12 best practices.)
- NCS Staffing and retention is an issue shared across the complex.
- Issues raised in the LANL NCSC Annual Report were affirmed and echoed by the team.
- Similarities with previous LANL Tasking Responses were noted.
- The Tasking group is on track with having a draft of the report to distribute to the CSSG for review and comment before next meeting.
- Slides from outbrief were distributed to CSSG.

Roundtable:

- No topics raised.

Next CSSG Face to Face Meeting:

Reminder that the next face to face meeting will be in conjunction with the NCSP Technical Program Review in Albuquerque, Friday February 24.
